SANTA MONICA PUBLIC
LIBRARY

Computer Class Descriptions

Beginner Level Classes

No previous computer experience required

Computer Basics I

Hands-on intro to computers. Practice using a mouse and review basic terms.

Computer Basics II

Use your growing mouse skills to perform a variety of practical tasks on a computer.

Internet Basics

Learn how to navigate a web browser, locate information, evaluate online sources and print web pages.

Intermediate Level Classes

Requires proficiency with using a mouse and keyboard

Computer Basics III

Practice computer navigation including switching between tasks and using context menus.

Computer Basics IV

Learn to work with files and folders to organize and backup your work.

Internet Security

Learn how to protect yourself and your computer from threats such as viruses, spyware, and scams.

Advanced Level Classes

Requires proficiency with using a mouse and keyboard, and may require familiarity with relevant software

Blogging Basics

Learn how to create and customize your own free blog using sites such as Blogger.com and WordPress.com.

Special Topics

Design in 3D: Desktop Caddy

Use Tinkercad to design a model of the Desktop Caddy for 3D printing. Skills learned can be applied to create a variety of fun and useful 3D printable objects.
No experience required. For adults and teens.

Design in 3D: Open Lab

Explore 3D printing possibilities at the Library. Prepare your own three-dimensional plastic objects for 3D printing. Staff will be available to help with basic troubleshooting.

Just for Seniors: 'Appy Hour' Device Workshop

Bring your smartphone, tablet, or laptop, and get individualized help in small groups to help to get you started with using library apps and your device.
