

TECH TEEN VOLUNTEERS

WHAT IS IT?

A volunteer experience that includes...

- use of emerging tech
- working with people from diverse backgrounds
- mandatory training
- a leadership project

WHAT IS IT?

It is **NOT** a coding or robotics camp!

But we do share information about opportunities in the community.

It is an opportunity to learn, help, and grow.
Our volunteers truly make a difference!

WHAT IS IT LIKE TO VOLUNTEER?

- **Appy Hour** – Help senior citizens with basic use of personal devices (smartphones, tablets, flip phones, and laptops).

Offered at all SMPL locations

- **Senior Computer Club** – Help senior citizens with basic to intermediate level computer skills, keyboarding, email, Internet etc.

Offered at the Main Library only

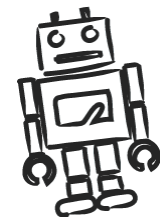

WHAT IS IT LIKE TO VOLUNTEER?

- **Connected Families** – Lead activities that help families develop skills through playing together with robot and coding toys.

Offered at all SMPL locations

- **CoderDojo** – Assist kids with their creative coding projects and inspire them to use technology to express themselves and solve problems.

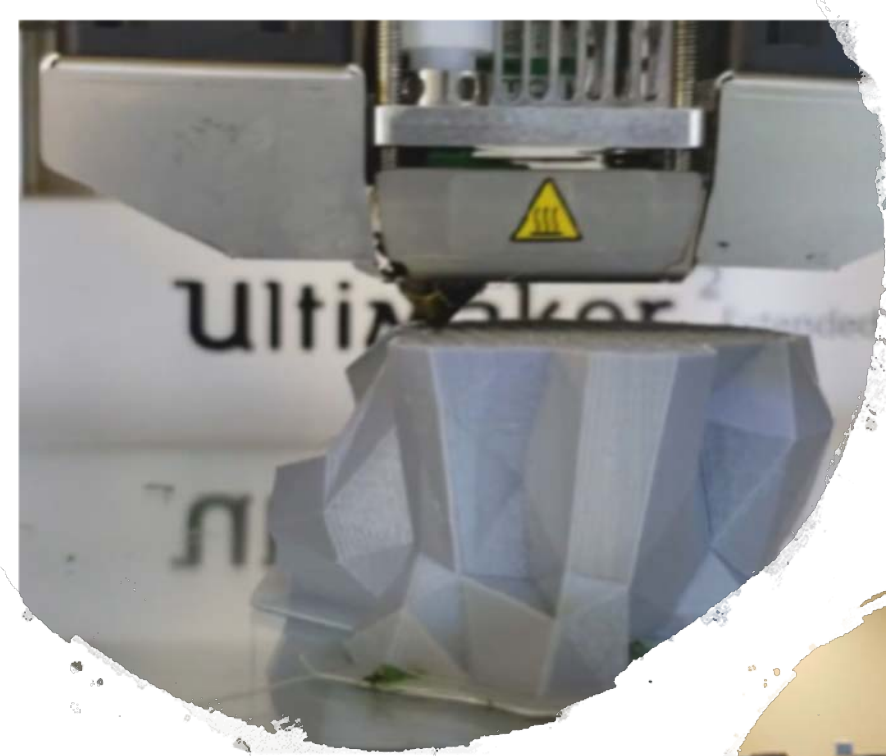

Offered at the Main Library

WHAT IS IT LIKE TO VOLUNTEER?

- **Open Labs** – Help people of all ages work on 3D printing projects, try virtual reality, or explore other new technologies at the library.

Offered only at the Main Library

HOW BIG IS THE COMMITMENT?

- Required commitment:
 - Weekend-long training
 - one-time, but offered each semester
 - At least 3 events per semester
 - 3 by the end of Winter Break
 - 3 more by the end of Summer Break
 - sign up according to your schedule
 - Leadership project
 - various commitment levels
- Plus optional workshops, meetings, and celebrations

WHAT IS THE PROJECT LIKE?

Tech Experience

3D Printing Class

Python Coding Activity

DOES IT REALLY BOOST MY RESUME?

Yes, it can make you look good to employers and academic programs.

We can help you:

- Decide how to describe it for the best effect.
- Write letters of recommendation that highlight your strengths.
- Improve skillsets related to:
 - customer service
 - communication
 - working with creative technologies
